## The Most Exciting Thing That Never Happened to Me!

One day I was walking in the attic. Suddenly, I was standing by a huge machine. It shrunk me into a marble. "Oh my gosh, I'm a marble," I said. "Awesome!"

It was unreal. So many twists and turns ... ups and downs. There were so many colors I couldn't believe it ... red, blue, orange and turquoise.

Well at first I didn't know what to think. I was scared, confused, worried and nervous. But I came to my senses and started to explore. I slid down things like a slide. And I ran and I jumped. It was fun!

Suddenly the marble started to roll. Then it hit a brick. Oh no! It broke! So I got out ... but I was shrunk.

So ... I went back to the attic. There was another machine, next to two giants. "Oh no!" I said. I was afraid. Then the machine blew me back up to size and I found out that the giants were my mom and dad!
